

DOCTOR'S NOTE

Premature Weekend Onset

Date:

Patient name:

Diagnosis:

Patient has entered weekend mode ahead of standard operating hours. Indicators include conference call absenteeism, calendar avoidance, and an unexplained urge to say “let’s circle back on Monday.”

Recommendation:

Patient is cleared to log off immediately and transition into weekend activities, which may include one Cuervo Margarita, preferably in rooftop bar or local Mexican restaurant setting. Large group of close friends and acquaintances you “kind of know from the gram” recommended. Tacos optional.
